🎓 Experienced Tutor | National University of Singapore | PhD in Physics

With a PhD in Physics from the National University of Singapore and over 10 years of teaching experience, I specialise in IB, IGCSE, and A-Level Physics. My aim is to guide students to succeed in their exams while building a solid understanding of Physics for future studies.

Teaches: IB Physics A-Level Physics IGCSE Physics GCSE Physics AP Physics

Curriculum: IB A-Level GCSE IGCSE AP

Qualifications

National University of Singapore: PhD in Physics
(2008-2012)

Nanyang Technological University: MSc in Applied
Physics (2006-2008)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

With over a decade of experience in Physics education, I have worked with students from diverse academic backgrounds, guiding them through challenging IB, IGCSE, and A-Level curricula. I specialize in helping students build a deep understanding of key Physics concepts and perform well in their exams. My personalized approach allows each student to feel confident as they prepare for important assessments.

In addition to my work with international curricula, I have also supported students in AP Physics and other advanced subjects. I focus on ensuring students understand both theoretical and practical aspects of Physics, helping them apply their knowledge to real-world situations. My teaching philosophy is centered on creating an engaging and supportive learning environment where students can thrive academically.
