## Tutoring Experience

Over the past 10 years, I have helped students from various international schools succeed in their Geography courses. My focus is on IB Geography, but I also work with students in A-Level and IGCSE curricula. I have guided numerous students through the complexities of their Internal Assessments, helping them navigate challenging topics and excel in their final exams.

In addition to exam support, I assist students with developing a deep understanding of geographic concepts and methodologies. By offering personalised one-on-one tutoring, I ensure that each student's unique academic needs are met, helping them achieve their goals and build confidence in their geography studies.
